

LEGEND OF THE GOALS

UNITED NATIONS
SUSTAINABLE
DEVELOPMENT GOAL

INDIGENIZED GOAL

End poverty in all its forms everywhere

SHARING ABUNDANCE

There is an abundance of gifts from the Earth that are not owned by anyone. Therefore an understanding and gratitude for all of creation is how all will flourish.

End hunger, achieve food security and improved nutrition and promote sustainable agriculture

FOOD IS SACRED

All food is a gift and is connected with all of creation, where ecosystems (life) are created, fostered and sustained

Ensure Healthy lives and promote well-being for all at all ages

THE GOOD LIFE

Where there is balance all of creation has harmony

Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

INDIGENOUS KNOWLEDGE

Weave into systems the deep knowledge of place that has been comprehensively discovered by those who have adapted to it over thousands of years

Ensure availability and sustainable management of water and sanitation for all

WATER IS LIFE

Water is alive and has a spirit, it is the lifeblood of Earth and connects absolutely everything, it gives life but also can take life

Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

ECONOMIES OF ABUNDANCE

Centre abundance and eliminate scarcity

Reduce inequality within and among countries

Achieve gender equality and empower all women and girls

DECOLONIZE

Removing colonial elements that don't serve all in ethical, equitable ways

Ensure sustainable consumption and production patterns

Conserve and sustainably use the oceans, seas and marine resources for sustainable development

OLD WAYS

Revitalize and regenerate Indigenous Cultural ways that sustain in all ways

Take urgent action to combat climate change and its impacts

Ensure access to affordable, reliable, sustainable and modern energy for all

DEFEND OUR MOTHER

Live in accordance with Natural Law

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

WAYS OF BEING

Honestly honouring the diversity and complexity of all our relations

Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

Make cities and human settlements inclusive, safe, resilient and sustainable

SOVEREIGNTY

People (citizens) should not be excluded from their governments, where capitalism, greed and fame overpower.

People (citizens) should be self-determining their governing, sourcing tools from ancestral and historical examples, while innovating, equalizing and caring.

Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development

ETHICAL SPACE

Shared responsibilities through mutually negotiated governance systems

Through the partnerships with First Nation people, communities, and projects, Plenty Canada was able to “Indigenize” the SDGs and create a tool to communicate the goals in an Indigenous context/worldview. This has strengthened the way First Nations partners are engaged with SDGs, and how First Nations explain the need for Canada to listen to ancestral ways of protecting people and planet.
